

OUR VISION

WML Consultants is a consulting engineering company that strives to maintain a highly professional level of service and deliver maximum benefits to clients in the South West and regional Western Australia. We believe that long term relationships are essential for the success of ourselves and our clients.

OUR MISSION

We will achieve our mission through:

OUR CLIENT RELATIONS

- Providing a personal service
- Developing trust and long term commitment
- Fostering open communications
- Being ethical

OUR SERVICE

- Using an experienced and practical foundation on which to seek out innovative and cost saving solutions
- Being proactive
- Ensuring that senior people retain a hands-on approach
- Having a team approach to problem solving
- Doing what we promise and delivering on time
- Maintaining appropriate technology to maximize efficiency and effectiveness
- Providing value for money

OUR PEOPLE

- Maintaining a high level of skills and experience
- Employing motivated high quality people
- Providing a stimulating yet relaxed and enjoyable work environment
- Encouraging the development of our people to achieve personal goals and professional excellence
- Rewarding people for their efforts
